Riverfront Turf History

Riverfront Stadium's artificial playing surface was installed prior to the 1988 season. The AstroTurf-8 allows water to flow through the surface to a drainage system and virtually eliminates standing water, making the field playable minutes after a rain. Water flows through the turf to permeable asphalt and crushed rock below. The new surface has fewer seams than previous surfaces at Riverfront Stadium. A synthetic warning track was also installed. This is the third AstroTurf surface at Riverfront. The original (1970) was replaced prior to the 1979 season.

Marge Schott

President & Chief Executive Officer

Marge Schott is the First Lady of Cincinnati baseball, serving as the President and Chief Executive Officer of professional baseball's oldest franchise.

Providing Reds' fans with quality entertainment has been the top priority during Mrs. Schott's tenure as owner of the Reds. A native and sixth

generation resident of Cincinnati, Mrs. Schott was a Limited Partner in the team since 1981 and then became the General Partner of the ownership group on Dec. 21, 1984. She became President and Chief Executive Officer on July 8, 1985.

Mrs. Schott has helped bring back the excitement of Reds baseball to Riverfront Stadium. She has provided the leadership and financial support needed to build a winning team, while keeping ticket prices among the lowest in the major leagues. The Reds have drawn more than 18 million fans to Riverfront in her nine years as the club's principal owner. Season ticket sales have reached new team highs.

Mrs. Schott saw her dreams come true in 1990 when her Reds went "wire-to-wire" to win the National League Western Division championship and then went on to capture the NL pennant, followed by a stunning World Series sweep over Oakland.

Mrs. Schott led the Reds' World Series victory parade and celebration at Fountain Square in downtown Cincinnati and she headed the team's contingent honored by President Bush at the White House following the Series.

In addition to the enjoyment of watching the Reds on the field, Mrs. Schott has had some thrills away from the Stadium as well. In 1989, she had lunch at the White House with President Bush; was a special honoree at a Women in Business luncheon during the President's Inauguration Week festivities; and has made two baseball goodwill visits to Japan, representing Cincinnati & the Reds.

Among other highlights were a 1988 visit to the Vatican, where she presented the Pope with a Reds' jacket; a feature interview on the "60 Minutes" TV show; and a salute by Savvy Magazine as the operator of one of the 40 largest businesses in the country to be headed by a woman.

In Dec., 1986, she was among 85 women entrepreneurs from all over the country who were honored by President Reagan at a White House reception. Earlier that year, she was named Woman of the Year by the American Legion Auxiliary at its national convention. Mrs. Schott was singled out for having made significant contributions to community life. She was inducted into the Communiplex Women's Hall of Fame for women in sports in 1987 and received an honorary degree from Maryville College in St. Louis in 1991.

Mrs. Schott was inducted into the Ohio Women's Hall of Fame in Nov., 1985, for her achievements in business, industry and athletics. A year earlier, she was honored as one of the 1984 Women of the Year in Cincinnati. She is well-known for her role as hostess for the Reds' Rally, a major fund-raiser for the Children's Heart Association at Children's Hospital, and for her work with the famed Cincinnati Zoo. She is the Honorary Chairman of the Zoo's Education Program.

Mrs. Schott became a businesswoman by necessity when her husband, Charles, died in 1968, leaving her in charge of a business empire that included such divergent holdings as an auto agency, cement, truck and brick companies and real estate. She has since added holdings of her own.

It took her 3½ years to convince General Motors to make her the first U.S. woman ever to be awarded a major metropolitan area G.M. dealership. Later, she became the first woman ever named to the board of trustees of the Cincinnati Chamber of Commerce.

Mrs. Schott is the only woman currently involved in primary ownership of a major league baseball team.

The Reds were the only organization with four teams making post-season playoffs. Two of the clubs won league championships. Under Bowden's administration, the Reds developed such players as Tim Costo, Willie Greene, Tim Lincecum, John Roper and Reggie Sanders.

Born on May 18, 1961, in Boston, Jim graduated from Rollins College in 1983 with a Bachelor's Degree in Business Administration and Communication. He and his wife, Amy, have three sons, J.B., Tyler and Chad, and a golden retriever named Brianna.

The Pinstripe Look

In 1993, the Reds began wearing uniforms that are significantly different from the uniforms the club had worn since the late 1960s. The white home uniforms feature sleeveless, button-front vests with red pinstripes, while the gray road uniforms also have red pinstripes and have sleeved, button-front jerseys.

The current look has many similarities to Reds uniforms of the past. The Reds wore sleeveless jerseys from 1956-66, including pinstripes on the home uniforms from 1958-66. They wore pinstripes & sleeved jerseys at home in 1967, then switched to sleeved jerseys without pinstripes in 1968 and maintained that basic look through the 1992 season. Before '93, they last wore button-front jerseys in 1971.

The uniform change in 1993 marked the first time since 1929 that the Reds had pinstripes on their road uniforms and the first time in modern history (since 1900) the uniform included both a sleeved and sleeveless jersey in the same season.

The home caps are white with red pinstripes, a red bill and a red wishbone "C" (similar to the caps worn from 1958-66). The road cap is red with a white wishbone "C" (the same as they wore both at home & on the road from 1967-92).

Hutchinson managed the Reds from 1959-1964, winning the National League pennant in 1961. His No. 1 was retired after he died of cancer in 1964.

Bench's No. 5 was retired Aug. 11, 1984. Bench played more than 16 seasons for the Reds and retired following the 1983 season as the team's all-time leader in career home runs (389) and runs batted in (1,376). He won two NL Most Valuable Player Awards (1970 & 1972); World Series MVP (1976); NL Rookie of the Year (1968); and he holds the NL record for career home runs by a catcher (327). MLB Honors Larkin with Clemente Award

During the 1993 All-Star break, Major League Baseball named Barry Larkin the recipient of the 23rd Roberto Clemente Award. The prestigious award is presented annually to the player who best exemplifies baseball both on and off the field. Consideration is given to sportsmanship, community involvement and contribution to his team and baseball.

A five-time National League All-Star and the winner of five Silver Slugger awards, Larkin's excellence goes far beyond his on-field accomplishments. As Barry's baseball career has grown, so has his involvement in the Cincinnati community and beyond.

Foremost among his efforts are the Caring Team of Athletes and the Caring Program for Children, programs which benefit needy children on local and national levels. Since 1990, Barry has worked with local corporate sponsors to provide funds for health care benefits in the Cincinnati area through the Caring Program for Children. Every time Larkin gets a base hit, the sponsors make a donation to the Caring Program for Children. His hits have raised over \$450,000 and helped nearly 2,000 children receive health care their families otherwise could not afford.

While the Caring Program has grown on a local level, Larkin has been the catalyst for the formation of the Caring Team of Athletes, involving players from each of the 28 Major League Baseball teams — the first time players from every Major League team joined efforts on a national level for a single charity. The Caring Team raised over 1.1 million dollars to help thousands of needy children nationwide in 1993.

Rules of Interest

PLAYER LIMITS: 40 until opening day, when the number must be reduced to 25 until September 1, when it again becomes 40.

DETERMINING BATTING AVERAGE: Divide the number of at bats into the number of hits.

DETERMINING AN EARNED RUN AVERAGE: Multiply the number of earned runs by nine; take the number and divide it by the number of innings pitched.

DETERMINING SLUGGING PERCENTAGE: Divide the total bases of all safe hits by the total times at bat (at bats do not include walks, sacrifices, hit by pitcher, or times awarded first base because of interference or obstruction).

DETERMINING ON-BASE PERCENTAGE: Divide hits plus total walks plus hit-by-pitch by at bats plus total walks plus hit-by-pitch and sacrifice flies. (Times awarded first base on interference or obstruction are not figured into on-base percentage.)

DETERMINING PERCENTAGE OF GAMES WON AND LOST: Divide the number of games won by the total games won and lost.

CONSECUTIVE HITTING STREAKS: A consecutive hitting streak shall not be terminated if the plate appearance results in a base on balls, hit batsman, defensive interference or a sacrifice bunt. A sacrifice fly shall terminate the streak.

CONSECUTIVE-GAME HITTING STREAKS: A consecutive-game hitting streak shall not be terminated if all the player's plate appearances (one or more) result in a base on balls, hit batsman, defensive interference or a sacrifice bunt. The streak shall terminate if the player has a sacrifice fly and no hit.

CONSECUTIVE-GAME PLAYING STREAK: A consecutive-game playing streak shall be extended if the player plays one half-inning on defense, or if he completes a time at bat by reaching base or being put out. A pinch-running appearance only shall not extend the streak. If a player is ejected from a game by an umpire before he can comply with the requirements of this rule, his streak shall continue.

BATTING AND ERA CHAMPION QUALIFICATIONS: 502 or more plate appearances; 162 or more innings pitched.

ROOKIE QUALIFICATIONS: A player shall be considered a rookie unless, during a previous season or seasons, he has (A) exceeded 130 at bats or 50 innings pitched in the major leagues; or (B) accumulated more than 45 days on the active roster of a major league club or clubs during the period of the 25-player limit (excluding time in military service).

DETERMINING MAGIC NUMBER: To figure "Magic Number" in pennant race, compute the number of games yet to be played, add one, then subtract the number of games ahead in the lost column of the standings of the closest opponent.

QUALIFICATIONS FOR A SAVE: Pitcher is credited with a save when he meets all 3 of the following conditions: (1) he is the finishing pitcher in game won by his club; (2) he is not the winning pitcher; (3) he qualifies under one of the following conditions: (a) he enters the game with a lead of no more than three runs and pitches for at least one inning; (b) or he enters the game with the potential tying run either on base or at bat or on deck; (c) or he pitches effectively for at least three innings.

1993 SEASON: Rijo was named the Reds' Outstanding Pitcher by the Cincinnati chapter of the Baseball Writers Association of America for a team-record fourth consecutive season as he solidified his place among baseball's premier pitchers....Jose led the National League in strikeouts (227); tied for the lead in starts (36); ranked 2nd in ERA (2.48) & innings pitched (257.1); and finished 3rd in batting average against (.230)...Ranked 2nd in the major leagues in ERA (Atlanta's Greg Maddux led with 2.36) and strikeouts (Seattle's Randy Johnson led with 308) and finished 3rd in the majors in innings pitched (behind Maddux with 267 & Milwaukee's Cal Eldred with 258)...Jose's 36 starts tied for most in the majors...He became the first Red to lead the NL in strikeouts since Ewell Blackwell in 1947 (193 SO)...Opponents hit only .192 against him with runners on base, best mark in the majors...Rijo set career highs in strikeouts, starts and innings as he stayed healthy throughout the season after spending time on the DL in each of his 5 previous years with the Reds...Rijo's 1993 won-loss record (14-9) did not reflect how well he pitched...Five times he left games with a lead that the bullpen was unable to hold for him in the 9th inning — 4-1 lead in L.A. on May 17; 5-3 in Atlanta on June 11; 4-3 vs. S.F. on June 16; 3-1 in Montreal on Sept. 10; and 6-2 in Atlanta on Sept. 15...Was also the victim of non-support: the Reds scored a total of only 8 runs in his 9 losses (3 shutouts; 1 run 4 times; 2 runs twice)...Rijo began the season with a 2-1 Opening Day win over Montreal (pitching 8 shutout innings) and ran his scoreless streak to 15 innings before allowing an eighth-inning run in his next start (a no-decision outing in St. Louis on Apr. 10)...After a loss & a no-decision in his next 2 games, Jose had a 5-game winning streak over 6 starts from Apr. 26-May 22 to improve his record to 6-1...Then hit a long dry spell that saw him go winless (0-4, 3.64 ERA) over 10 starts from May 27-July 11...Did not walk a batter in 28.2 IP over 4 games from June 11-26...Had a 6-5 record & a 3.27 ERA at the All-Star break...Posted an 8-4 record with a remarkable 1.54 ERA after the break, allowing only 20 ER in 117 IP...Went 4-0 with a 0.71 ERA (3 ER; 38 IP) in his first 5 starts after the ASB...Dropped his next 2 games by scores of 2-1 (Aug. 10 at S.F.) and 1-0 (Aug. 15 vs. Atlanta), then won his next 3 decisions...His final victory of the year was probably the best game of his career — a complete game 1-hitter (0 BB, 8 SO) for a 6-0 win at Colorado on Sept. 25...Allowed only a broken-bat single to center field in the second inning by Charlie Hayes...Faced just 28 batters in throwing his first career 1-hitter and his first shutout since Aug. 24, 1991 at Shea Stadium...Rijo's 1993 stats by months: 2-1, 2.31 in April; 4-0, 3.32 in May; 0-2, 3.80 in June; 3-2, 1.87 in July; 3-2, 1.50 in August; and 2-2, 2.25 in September/October...He was 8-6, 2.60 at home & 6-3, 2.35 on the road; 11-6, 2.66 on artificial turf & 3-3, 2.06 on grass; and 6-2, 2.25 in day games & 8-7, 2.57 at night...Rijo's 227 strikeouts in '93 were the most by a Cincinnati pitcher since Mario Soto's 242 in 1983...Jose's ratio of 7.9 strikeouts per 9 innings was the best in the NL and his mark of 2.2 walks per 9 innings ranked 9th in the league...He fanned 10 or more batters in a game 4 times in '93 (high of 11 vs. Atl. on Aug. 15) and has 19 games in his career

DISABLED LISTS

15-day—No limit on number of players per club

60-day (Emergency)—No limit on number of players, but may only be used when a club is at the maximum limit of 40 players. (Players carried on this list do not count against 40-man under control limit. If placed or transferred here after August 1, player must remain through end of season and post-season.)

Day 1 is day following player's last game appearance. Reinstatements may be made beginning Day 16 or 61, respectively; after minimum period has expired player may be reinstated at any time (except in certain "Emergency" cases—see above).

There shall be no assignment of a player by a Major League Club to a National Association Club while such player is on a Major League Disabled List; provided, however, that with the Player's written consent, a copy of which shall be forwarded to the Player's Association, and with the approval of the League President, a player on the disabled list may be assigned to a National Association Club for up to a maximum of twenty days (thirty days for pitchers) for the purposes of rehabilitation.

Note: the 21-day and 30-day disabled lists were eliminated late in the 1990 season.

History of the Reds

The history of professional baseball begins in Cincinnati, where the "ancestors" of the current Cincinnati Reds, the Red Stockings, began play more than a century ago.

That first professional team, led by Harry and George Wright, played on a spot where Union Terminal on Cincinnati's near West Side now stands. Its first recorded game was a practice contest against a "Picked Nine" from Cincinnati, April 17, 1869, which was won by the Red Stockings, 24-15. After six more games of this first "pre-season," the Reds embarked on their famous tour. The first regular game was scheduled against the Antioch Nine on May 31, but that became the first rainout in professional baseball history. The first official game took place the next day, June 1, 1869 as the Red Stockings defeated the Mansfield Independents, 48-14.

That first Red Stockings team, organized by Newport, KY jeweler Harry Wright, was fabulous. During the first two years of play, the team went 130 consecutive games without a loss before the Brooklyn Atlantics finally beat the Red Stockings in June of 1870.

In 1876, the National League was founded and the Red Stockings became a charter member. The club dropped out of the league in 1881 for 9 years because the league would not permit sale of beer in the park. The Red Stockings joined the American Association for the 1882-89 seasons, but rejoined the National League in 1890. Cincinnati also had a team in the Union Association in 1884.

The turn of the century saw one of the most colorful men ever associated with the team take over the presidency of the club. August "Garry" Herrmann was the club president from 1902 until 1927, when he was forced to retire because of blindness.

A host of famous players paraded through the Herrmann regime. Frank "Noodles" Hahn was a standout pitcher and Cy Seymour won the Reds' first batting championship, hitting .377 in 1905, a mark that still stands in the Cincinnati record book.

Later came Edd Roush, an all-time great center fielder, and Heinie Groh, the famous third baseman who used a bottle bat. They formed the nucleus of Cincinnati's first pennant winner in 1919 and then beat the Chicago White Sox in the World Series.

Players such as Eppa Rixey, who holds the club record with 179 career wins, and Bubbles Hargrave, the first catcher ever to win a batting title, kept the Reds in the running during the '20s but there wasn't another pennant until 1939.

After Herrmann resigned control of the club in the late '20s, Sidney Weil assumed command. When the depression crippled Weil, Powel Crosley purchased the Reds, more for civic purposes than any other cause. It was strongly rumored that the Cincinnati franchise might be moved and Crosley felt that the city needed a major league baseball team.

Crosley, the famous radio tycoon, was sold on the franchise by Larry MacPhail, the club's general manager. MacPhail, who had made a name for himself at Columbus, OH, was one of the early promoters and opened up a new era of baseball when the Reds became the first team to play at night. Lights were installed at Crosley Field and the Reds and Phillies met in the first night game on May 24, 1935.

Two years later, a new chapter opened in Cincinnati as Warren Giles was named the club's general manager. Although the Reds finished last in Giles' first year, the team began to move in 1938, jumping to fourth. By 1939, the club had matured into the National League's best. The Reds won back-to-back pennants in '39 & '40 and captured the World Series in 1940, beating the Detroit Tigers in an exciting seven-game series.

Some of the great names of Reds' history were on those clubs. Paul Derringer, Bucky Walters and Johnny Vander Meer were well-known pitchers. Ernie Lombardi, Frank McCormick and Walters were Most Valuable Player winners.

World War II and age caught up with the Reds in the '40s and the club began rebuilding in the late '40s and early '50s. Ewell Blackwell became the first pitcher to pitch in six consecutive All-Star games. Ted Kluszewski was signed off the Indiana University campus.

Giles left the Reds in 1951 and was named president of the National League. His successor was Gabe Paul, who put together a powerful hitting team in the mid-fifties. The Reds nearly won the pennant in 1956, losing by two games to

Brooklyn, but the fans fell in love with this team. The Reds hit the million mark in paid attendance for the first time and in '56 they tied the NL record for the most team home runs with 221. Birdie Tebbetts was named Manager of the Year.

Manager Fred Hutchinson took command of the Reds in 1959 and in '61 they startled many baseball "experts" by winning the NL pennant. Frank Robinson, who had been Rookie of the Year in 1956, was Most Valuable Player, and Vada Pinson nearly won the batting title. Under Hutch, who died of cancer in 1964, the Reds remained close. They won 98 games in 1962, but finished third. They came within one game in 1964.

Rumors again spread in 1966 that the Reds would leave Cincinnati. They were silenced quickly, however, when a group of businessmen, headed by Francis L. Dale, purchased the Reds and pledged allegiance to the city with a 40-year lease, thus assuring construction of a new stadium.

The group named Bob Howsam general manager in 1967, and six years later he moved up to the club presidency.

Sparky Anderson became the manager in 1970 and he guided the team for nine seasons, leading them to five Western Division titles; four National League pennants; and two World Championships.

The Reds moved into Riverfront Stadium June 30, 1970 after a long association with Crosley Field, and before that Redland Field. A total of 4,543 games were played at the old park which was officially dedicated April 11, 1912. It was Redland Field then and became Crosley Field after Crosley purchased the Reds.

Riverfront Years

Reds fans said goodbye to Crosley Field and the first century of baseball's oldest professional team on June 24, 1970. Six days later, a little over two years after the first spadeful of dirt was turned, Riverfront Stadium opened to a crowd of over 50,000 cheering fans.

From 1970, when the team won its first Western Division title, through 1979, when it won its sixth divisional crown, the Reds won more games and more titles than any other major league team.

The Reds piled up 953 regular season victories in the 10 years of the 1970s, an average of 95.3 per season, with a .593 winning percentage and an impressive mark of consistency.

Reds fans saw a total of 12 championships by the Reds, six Western Division titles (1970-72-73-75-76-79); four National League titles (1970-72-75-76); and back-to-back World Championships in 1975 and 1976.

General Manager Bob Howsam put together this "Team of the '70s" that earned its nickname of the "Big Red Machine." It was a team that excited fans everywhere, building a national following and attracting 21 million fans to Riverfront Stadium in the 10-year period.

At the heart of the team were four individuals — Johnny Bench, Joe Morgan, Tony Perez and Pete Rose — who were totally different in makeup, style and personality, but who were on a common path pointed toward the Hall of Fame. Among them, they provided power, speed, defense, clutch hitting and stability. Bench (1989) was the first to be inducted into the Hall at Cooperstown, followed by Morgan (1990).

The Reds so dominated the National League that they won MVP titles six times in an eight-year span. Bench won in 1970 and 1972, when he led the NL in both homers and RBI; Rose in 1973, when he led the league in hitting for the third time; Morgan in 1975 and 1976, only the second NL player ever to win two consecutive seasons; and George Foster in 1977, when he set club records with 52 homers and 149 RBI. Perez was never MVP, but earned an unmatched reputation for clutch hitting. Bench and Perez ranked 1-2 in the majors in RBI for the '70s.

Surrounding them were outstanding players such as Dave Concepcion, who teamed with Morgan to give the Reds a double play combination whose members each won five Gold Gloves; Ken Griffey, who batted .307 in 9 years with the Reds; Foster, who averaged 32 homers and 107 RBI over a seven-year period; and Cesar Geronimo a four-time Gold Glove winner.

Other memorable moments came in 1978, when Rose hit in 44 straight games, a modern NL record, and Tom Seaver pitched a no-hitter.

In 1981, Seaver became only the fifth pitcher in major league history to reach 3,000 career strikeouts. It was also a year in which the Reds had the best overall record in baseball, but did not qualify for post-season play because of a split-season, finishing second in both the first half and second half races.

(continued)

The 1983 season marked the return to the Reds of Bob Howsam, architect of the "Team of the '70s." A year later, Howsam brought back Rose, who had been away for nearly six years, as player/manager.

Ownership of the team changed hands in December, 1984, when local businesswoman Marge Schott took control as general partner.

Riverfront Stadium was the site of Rose's historic career hit number 4,192, breaking Ty Cobb's all-time major league record, on Sept. 11, 1985. Tom Browning pitched the first perfect game in team history on Sept. 16, 1988 at Riverfront. Third baseman Chris Sabo earned National League Rookie of the Year honors in '88.

After finishing second in the NL West four consecutive years in the late 1980s (1985-88), the Reds returned to championship form in record-setting fashion in 1990. New manager Lou Piniella guided them to their first Western Div. title since 1979 and their first National League pennant and World Series crown since 1976. New general manager Bob Quinn was named 1990 Major League Executive of the Year by The Sporting News.

The "wire-to-wire" Reds won their first nine games in 1990 — setting a team record for consecutive wins at the start of a season — and went on to become the first NL team to stay in first place every day of a 162-game season.

The Reds defeated Pittsburgh in a thrilling League Championship Series, then stunned the powerful Oakland Athletics with a four-game World Series sweep.

Marty Brennaman

Joe Nuxhall

George Grande

Chris Welsh

Gordy Coleman

Marty Brennaman and Joe Nuxhall return for their 21st season together on the Reds Radio Network.

Brennaman, who also calls play-by-play for the Reds TV Network, has been named Sportscaster of the Year in Ohio nine times after earning that honor four times in Virginia. Marty joined the Reds broadcast team in 1974. His son, Thom, is a broadcaster with the Chicago Cubs.

Nuxhall, a former Cincinnati pitcher and a member of the Reds Hall of Fame, is in his 28th year as a Reds announcer. Joe pitched for 16 years in the big leagues (1944, 1952-1966), including 15 years with the Reds. In '44, Joe became the youngest player ever to appear in the big leagues, at age 15 — a record that still stands today.

The Reds Radio Network is one of the largest in professional sports, with affiliates in eight states. The flagship station is WLW (700 AM) in Cincinnati. All regular season games are aired on WLW and the Reds Radio Network.

WLWT-TV (Channel 5 in Cincinnati) is the flagship station for the Reds TV Network, which has affiliates in six states.

Veteran sportscaster George Grande, who began broadcasting professional baseball in 1970, joins former pitcher Chris Welsh for their second season together on the Reds TV Network. Welsh pitched in the big leagues from 1981-83 & 1985-86 with the Padres, Expos, Rangers & Reds. Grande and former Reds first baseman Gordy Coleman call the action on SportsChannel Cincinnati, their second season working together and Coleman's fifth year on Reds telecasts. Gordy played for the Reds from 1960-67 and is a member of the Reds Hall of Fame.

SportsChannel Cincinnati broadcasts Reds games on cable TV in Ohio, Kentucky, Indiana, North Carolina, Tennessee and West Virginia.

GLOSSARY OF MEDICAL TERMS

AC JOINT—Acromioclavicular joint; joint of the shoulder where acromion process of the scapula and the distal end of the clavicle meet; most shoulder separations occur at this point.

ANTERIOR—In front of; the front surface of.

ANTERIOR CRUCIATE LIGAMENT—A primary stabilizing ligament within the center of the knee joint that prevents hyperextension and excessive rotation of the joint. A complete tear of the ACL necessitating reconstruction could require up to 12 months of rehabilitation.

ANTI-INFLAMMATORY—Any agent which prevents inflammation, such as aspirin or ibuprofen.

ARTHROGRAM—X-ray technique for joints using air and/or dye injected into the affected area; useful in diagnosing meniscus tears of the knee and rotator cuff tears of the shoulder.

ARTHROSCOPY—A surgical examination of the internal structures of a joint by means of viewing through an arthroscope. An arthroscopic procedure can be used to remove or repair damaged tissue or as a diagnostic procedure in order to inspect the extent of any damage or confirm a diagnosis.

BONE SCAN—An imaging procedure in which a radioactive-labelled substance is injected into the body to determine the status of a bony injury (particularly useful in the diagnosis of stress fractures).

CARTILAGE—Smooth, slippery substance preventing two ends of bones from rubbing together and grating.

CAT SCAN—Use of a computer to produce a cross sectional view of the anatomical part being investigated from x-ray data.

CONCUSSION—Jarring injury of the brain resulting in dysfunction. It can be graded as mild, moderate or severe, depending on loss of consciousness, amnesia and loss of equilibrium.

CONTUSION—An injury to muscle and tissue caused by a blow from a blunt object.

DISC—A flat, rounded plate between each vertebrae of the spine. The disc consists of a thick fiber ring which surrounds a soft gel-like interior. It functions as a cushion and shock absorber for the spinal column.

FEMUR—Thigh bone; longest bone in the body.

FIBULA—Smaller of the two bones in the lower leg; runs from the knee to the ankle along the outside of the lower leg.

HAMSTRING—Group of three muscles that run from the buttocks to the knee along the back of the thigh.

INFLAMMATION—The body's natural response to injury characterized by various degrees of pain, swelling, heat, redness and/or loss of function.

LABRUM—The cartilage of the glenoid cavity in the shoulder; a lip-edge or lip-like structure.

LATERAL—To the outside of the body.

LIGAMENT—Band of fibrous tissue that connects bone to bone, or bone to cartilage, and supports and strengthens joints.

MRI (MAGNETIC RESONANCE IMAGING)—Imaging procedure in which a radio frequency pulse causes certain electrical elements of the injured tissue to react to this pulse and through this process a computer display and permanent film establish a visual image. MRI does not require radiation and is very useful in the diagnosis of soft tissue, disc and meniscus injuries.

MEDIAL—To the inside of the body.

MEDIAL COLLATERAL LIGAMENTS—Ligaments of the knee and elbow along the medial aspect that connect bones to joints.

MENISCUS—Crescent-shaped cartilage, usually pertaining to the knee joint; also known as "cartilage." There are two menisci in the knee, medial and lateral. They work to absorb weight within the knee and provide stability.

POSTERIOR—At the back part, or rear, of the body.

POSTERIOR CRUCIATE LIGAMENT—A primary stabilizing ligament of the knee that provides significant stability and prevents displacement of the tibia backward within the knee joint. A complete tear of this ligament necessitating reconstruction could require up to 12 months of rehabilitation.

QUADRICEP MUSCLES (QUADS)—A group of four muscles of the front thigh that run from the hip and form a common tendon at the patella (kneecap); they are responsible for knee extension.

ROTATOR CUFF—Comprised of four muscles in the shoulder area that can be irritated by overuse.

ROTATOR CUFF IMPINGEMENT SYNDROME—A microtrauma or overuse injury caused by stress. The four stages are: 1) tendinitis with temporary thickening of the bursa and rotator cuff. 2) Fiber disassociation in the tendon with permanent thickening of the bursa and scar formation. 3) A partial rotator cuff tear of less than 1 cm. 4) A complete tear of 1 cm or more.

SHIN SPLINT—A catch-all phrase describing pain in the shin that is not a fracture or tumor and cannot be defined otherwise.

SPRAIN—Injury resulting from the stretch or twist of the joint, causing various degrees of stretch or tear of a ligament or other soft tissue at the joint.

STRAIN—Injury resulting from a pull or torsion to the muscle or tendon that causes various degrees of stretch or tear to the muscle or tendon tissue.

STRESS FRACTURE—A hairline break in a bone caused by overuse.

TENDINITIS—Inflammation of the tendon and/or tendon sheath caused by chronic overuse or sudden injury.

TENDON—Bond of tissue that connects muscle to bone.

TIBIA—Larger of the two bones of the lower leg; the weight-bearing bone of the shin.

ULNAR NERVE—Nerve in the elbow commonly irritated from excessive throwing.

NOTE: This list is not meant to be all inclusive, nor should it be used as a substitute for a physician's diagnosis and/or description of an injury or illness. For further definitions, please refer to the *Stedman's Pocket Medical Dictionary*, published by Williams and Wilkins.
